

Watinside — Know What's Inside Every Box

Watinside is a smart iOS app that helps you organize, store, and easily find your belongings — no more guessing what's in your boxes.

What It Does:

- Label your box with a handwritten or printed code.
- Scan the code using your phone.
- Take photos of each item as you pack.
- Add names, tags, and notes to every item.

Later On:

- Just scan the box again to see all contents instantly.
- Search for items by name or tag.
- Know what's temporarily removed or overdue to return.
- Share storage with family members using iCloud.

Coming Soon:

- AI-powered tagging & smart suggestions.
- Voice-based search.
- Auto-reminder for borrowed items.
